

WHAT IS THE FILIPINO-AMERICAN HISTORICAL SOCIETY OF HAWAII?

The Filipino-American Historical Society of Hawai'i (FAHSON) is a private, non-profit 501(c)(3) organization which preserves, enhances and promotes an appreciation of Filipino heritage and the experiences of Filipino Americans in Hawai'i.

Organized in 1980 FAHSON brings together individuals who are interested in learning more about Filipino heritage and increasing their understanding of the Filipino American experience. FAHSON shares this knowledge with the wider community through community forums, exhibits, workshops and other public presentations and dialogues.

FAHSON also collaborates with other organizations and individuals in the community who share similar interests in promoting the understanding of the Filipino American experience and that of other ethnic groups in Hawai'i.

Membership is open to all who are committed to supporting the aims of FAHSON and are willing to share in the responsibility of implementing the projects and activities of the Society. A membership application form with the minimal annual membership dues may be found inside this brochure.
